## School Description

The mission of the Albert Einstein Academy Charter Middle School (AEACMS) is "to teach our children today to advance our shared humanity tomorrow." As an authorized International Baccalaureate (IB) World School, we are part of a prestigious international community of highly effective schools. Our instructional program addresses the needs of the whole child, with equal emphasis placed in eight curricular areas. On our state-of-the-art new campus, art, foreign language, and physical education are accorded as much emphasis as math, science, and English language arts. We offer a wide range of extracurricular enrichment programs as well as academic intervention and support.

We now serve 600 diverse students in grades 6-8, with approximately 50 percent of our students being Hispanic, 30 percent White, 15 percent African American, and 5 percent other ethnicities. Our students come from the immediate South Park/Grant Hill neighborhood as well as from throughout San Diego County. Our teachers are all highly qualified and are committed and tireless in their work to ensure that all students achieve academically and thrive socially and emotionally.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)
Instructional Materials Adoption - "Sufficient textbooks or instructional materials"
Albert Einstein Middle school is an accredited IB MYP school. As such, the inquiry-based and internationally minded curriculum cannot be accommodated by state-adopted textbooks alone and thus our main form of instructional material is the IB unit planner, which incorporates all state standards in addition to the IB requirements. The unit planner incorporates texts, assignments, resources and lesson objectives for each of the eight subject areas. It is our primary source of instructional material for each student. The unit planner is available online and accessible to every student. In addition, some subjects have electronic version of state-adopted textbooks available as supplementary material for each student.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Tenant improvement of this four story, 42,000 square foot educational facility was completed in August 2014. The facility ranks in "good" to "excellent" repair status for all major systems. Weekly, monthly and annual inspections are completed on HVAC, Elevators, ADA Lift, Plumbing, Electrical systems and Cafe. Safety and maintenance operations are regularly checked and we emphasize cleanliness and the effective working order of all systems.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

| Students with Disabilities | 14 | 14 | 100.0 | 50.0 |

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## Opportunities for Parental Involvement (School Year 2017-18)

Parents and other relatives are encouraged and welcomed to become involved in the formal education of their children. Educational research validates that support at home is critical to a child's academic success. There are many opportunities to be involved at their children's school site, including: governance committees, special events, fundraising events, parent organizations, in classrooms, at the district level by participating in cluster councils, district advisory councils/committees, Parent University, and special events.

We are committed to communicating with and engaging parents as partners in the educational process. We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment. If you want to get involved, please contact Maggie Rivera at mrivera@aeacs.org.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan

Campus safety is our top priority. Superintendent, principals, teachers, support staff, parents and the community work together to prevent, prepare, and respond to emergency situations. To ensure safety and security, our schools have individualized safety plans that are reviewed and updated regularly. School staff members participate in regular emergency-preparedness fire, earthquake and lockdown drills and response training. Substance abuse prevention programs are presented to students regularly. Policies and procedures are in place to address safe entry and exit of students; serious disciplinary problems; discrimination, harassment and bullying; mandated child abuse reporting procedures; and school dress codes.

AEACMS maintains a safe and secure campus environment through qualified teacher and staff supervision of students before, during, and after school hours. All campus visitors are logged in the main office via a computerized monitoring system as they enter and exit. AEACMS offers extended-day opportunities for students that include academic support and social enrichment activities.

AEACMS requires all students to wear school uniforms. We believe these uniforms create a collective commitment to appropriate behavior and academic achievement, as well as increase student safety on our campus. A positive school climate is reinforced through observance of ten International Baccalaureate Learner Profile traits, which emphasize intellectual curiosity and active citizenship. These traits are incorporated into public art installations throughout the school.

## Professional Development provided for Teachers

As an International Baccalaureate World School, Albert Einstein Academy Charter Middle School is committed to continuous growth and improvement in professional practice. All teachers participate in ongoing IB training sessions with the goal of meeting the needs of all students in a well-rounded, supportive, and academically rigorous environment. In addition, teachers participate in schoolwide and content- specific ongoing professional development in accordance with annual and long-term goals.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
