2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Albert Einstein Academies (AEA), the first authorized public charter schools with a K-8 International Baccalaureate continuum in San Diego County, educates children to thrive and contribute as active thinkers in the world. As authorized International Baccalaureate (IB) World Schools, we are part of a prestigious international community of highly effective schools. AEA nurtures, cultivates, and inspires multilingual, critical thinkers who are well-rounded, responsible, global citizens uniquely prepared to thrive, lead, and create positive change in the 21st century. From its humble beginnings with 27 students in the basement of a church, AEA has evolved into innovative, academically accomplished, well-managed charter schools in the heart of the San Diego Unified School District. The demographics of the student population have become more diverse over our 20 years, reflecting the school's international focus. Our student population is comprised from the immediate South Park/Grant Hill neighborhood including areas throughout all of San Diego County. Our teachers are all highly qualified and are committed in their work to ensure that all students achieve academically and thrive socially and emotionally. Our instructional program addresses the needs of the whole child, with equal emphasis placed in eight curricular areas.

AEA is comprised of the following three schools:

Albert Einstein Academy Charter Elementary School (AEACES), located in the South Park neighborhood of San Diego, currently enrolls over 830 students in grades TK through 5. AEACES offers an international education through dual-language immersion in German and English. AEACES offers a wide range of extracurricular enrichment programs as well as academic intervention and supports.

Albert Einstein Academy Charter Middle School (AEACMS), located in the Grant Hill neighborhood of San Diego, currently enrolls over 600 students in grades 6 through 8. AEACMS focus on art, foreign language, and physical education are accorded as much emphasis as math, science, and english language arts. AEACMS offers a wide range of extracurricular enrichment programs as well as academic intervention and supports.

Albert Einstein Academy Charter High School (AEACHS), located adjacent to our middle school campus, is targeted to open in Fall 2026. When full capacity is reached it will host 800 students in grades 9 through 12.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

AEA provides the International Baccalaureate Primary Years Programme (IB PYP) and Middle Years Programme (IB MYP); Diploma Programme (IB DP) coming Fall 2024. The IB is a world-wide framework that allow students ownership of their learning within a rigorous curriculum. Our goal is to develop internationally minded students who strive towards the ten attributes known as the IB Learner Profiles.

Although we do have textbooks, much of our curriculum is taught through literature, trade books, digital portal resources, online programs and resources, and sources other than textbooks. It is the belief that providing students with a variety of materials and published media allows for the development of a well-rounded student who is able to become an inquirer able to research independently. As such, the inquiry-based and internationally minded curriculum cannot be accommodated by state-adopted textbooks alone. Key components of instruction, and instructional materials, are the IB six Units of Inquiry and the IB unit planner, which incorporate all state standards in addition to the IB requirements.

School Facility Conditions and Planned Improvements

The facilities rank is in "good" status for all major systems. Safety and maintenance operations are regularly checked and we emphasize cleanliness and the effective working order of all systems. Weekly, monthly, quarterly and annual inspections are completed on HVAC, Elevators, ADA Lift, Plumbing and Electrical systems. County Health inspections on each cafe are performed twice per year.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	47	N/A	51	N/A	47
Mathematics (grades 3-8 and 11)	N/A	44	N/A	39	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

AEA encourages parents and community members to participate in a myriad of activities throughout the year, with the ultimate goal of increasing student achievement. Family members are invited to participate as classroom volunteers, serve on various planning and governance committees, supervise field trips, organize and implement special community events, participate in Parent Universities, and help support with a variety of other organizational needs. Detailed information concerning volunteering, and other opportunities for participation, will be provided to the parents throughout the year through our school website, teacher websites, communication from Friends of AEA, and bi-monthly email communication from the AEA administration. We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment. If you would like to get involved, please complete a comprehensive volunteer application at <https://www.aeacs.org/volunteer>.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.66	2.24	2.45
Expulsions	0.00	0.04	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

AEA staff work together to prevent, prepare, and respond to emergency situations. To ensure safety and security, our schools have a comprehensive safety plan that is reviewed and updated annually. Staff members participate in regular emergency-preparedness drills such as fire, earthquake, shelter in place, biohazard and lockdown and response training. Substance abuse prevention programs are presented to students regularly. Policies and procedures are in place to address safe ingress and egress of students, serious disciplinary issues, discrimination, harassment and bullying, mandated child abuse reporting procedures and school dress codes. Additionally, in October 2022, AEA contracted with a safety consultant to perform a two day on-site evaluation of our campuses to analyze any safety hazards/concerns and provide recommended solutions.

AEA maintains a safe and secure campus environment through qualified teacher and staff supervision of students before, during, and after school hours. All campus visitors must log in at the main office via a computerized monitoring system as they enter and exit. This system screens names, as well as the visitors photo identification, against the National Sex Offender Registry. AEA requires all students to wear school uniforms. We believe these uniforms create a collective commitment to appropriate behavior and academic achievement, as well as increase student safety on our campus. A positive school climate is reinforced through observance of ten International Baccalaureate Learner Profile traits, which emphasize intellectual curiosity and active citizenship. These traits are incorporated into public art installations throughout our schools. AEA follows the COVID-19 guidelines and protocols set forth by the California Department of Public Health (CDPH) and the County of San Diego Health and Human Services Agency (HHSA) for health screening of staff and students. AEA also follows HHSA guidelines for quarantine and isolation orders for each positive and "close contact" case.

Professional Development

As International Baccalaureate World Schools, AEA is committed to continuous growth and improvement in professional practice. All teachers participate in ongoing IB training sessions and training with the goal of meeting the needs of all students in a well-rounded, supportive, and academically rigorous environment. In addition, teachers participate weekly in school wide and content- specific ongoing professional development in accordance with annual and long-term goals. Professional development and training sessions for the 2022-23 school year also include Literacy Framework, Restorative Practices, Multi-Tiered System of Supports (MTSS) and Crisis Prevention Institute (CPI) training.
