About This Document

This document provides additional responses related to the Request for Proposals issued September 3, 2026. It should be read with the original RFP, Addendum No. 1, and Questions and Answers No. 1. Addendum No. 1 controls the revised procurement schedule. All other terms of the original RFP remain in effect. If any response conflicts with the executed financing documents, the financing documents control.

Procurement Process

Q12 How many proposals did AEA receive by the original proposal deadline?

Answer AEA received three proposals by the original deadline. The RFP was subsequently reopened through Addendum No. 1, so the final number of proposals will not be known until after the revised September 25, 2026 deadline.

Consultant Eligibility

Q13 For purposes of Section 19.11, would a business operated as a sole proprietorship qualify as a Management Consultant?

Answer Yes. A sole proprietorship is acceptable. The respondent's legal entity type does not affect eligibility, provided the business meets the definition of Management Consultant in the Lease Agreement and Indenture, including being knowledgeable in the operation of public or private schools and having a favorable reputation for skill and experience in public or private school management consultation.

These responses apply equally to all prospective respondents.
